**Guest Artist: Joshua Bradley/ wood-turner, sculptor, silversmith, visual artist** Since a previous visit, Josh Bradley has added jewelry and painting to his talented skills. His grandfather, a stone cutter, was an inspiration the lapidary process of stone finishes. Mostly self-taught, Josh learned the basic process through social media. He had several examples of his beautiful artistry, among them, an award winning squash blossom necklace, rings, bracelets, and many examples of works in process (lapidary) for jewelry, including stones adhered to nails for polishing & finishing. His jewelry resembles the style of old pawn jewelry. He also brought some great examples of paintings of wildlife. His favored medium is Liquin. As a wood turner, Josh "turns" segmented vases, bowls & vessels using many pieces of wood. His bowls can involve as many 450 separate pieces! Josh uses TiteBond glue for the intricate rows, layer by layer in his bowls. He uses many types of wood, including mesquite & walnut. The variations of color do not involve stains, paints or dyes, but most woods darken with age. His different species of wood offer varied colors which he finishes with additional coats of clear wax. He was recently partnered with a mentor through Texas Folk Life, a group that apprentices emerging artists in the arts. Josh also participated in Cowboy True, an art Exhibition held annually in Wichita Falls, Tx. He has shown his work in different museums, shows, and galleries. He is currently represented by Davis & Blevins the Main S. Gallery in St Jo, Tx. **Artist of the Month: Regina Scroggins- "Indian Blanket"-**

2022 Solo Exhibition of New Art from Randy Meador

Show Opening Saturday, October 22

Saint Jo, Texas

## Randy Meador

ARTIST OF THE AMERICAN WEST

Current Meador Art Collector: "Why on earth would I spend good money on something that just hangs on a wall?"

Meador: "Perhaps to remind you why you're alive. It's a mirror that reflects the best of your past, present, and future."

Randy Meador is a wholly self-taught 2D and 3D artist from Saint Jo, Texas.

Born just a stone's throw from the Waggoner Ranch in Vernon, Texas and raised on a smaller ranch in Central West Texas, he fell in love with hues and heritage of the West.

That love of the West translated into sculptures for the Chickasaw Nation, TCU Football Stadium, several municipal public works. Sorolla-inspired oil paintings, and vibrant watercolor. Randy is known for his watercolor with a long list of accolades and awards. In China, he's known as "The Cowboy," which he finds silly, because he considers himself a pretty sorry hand.

His animated and unorthodox stage presentations made him a popular museum lecturer and Western Art advocate.

Randy is a University of Oklahoma graduate and actively supports US veterans.
