May presentation from Johnny Bone

Road trip meeting for May. The CTAA traveled to Saint Jo and the Martus Bookstore & Jahve Haus Coffee House for a presentation

by artist and musician Johnny Bone.

Thank you Gale for the photos from the quick 1 hour/15 minute demo. Looks like everyone had a great time!

After moving to Nashville in the pursuit of a music career, Johnny Bone discovered a love of art while walking through a valley of depression in the winter of 2005. In that cold month of January, he picked up a pencil and made an attempt at drawing a friend from a photograph. Through that experience he found a great passion for art. His music career took off when in 2008 he signed a three album production deal through Pure Blue Records, distributed nationally through Word Entertainment and Warner Music. In 2009 he completed his fourth year in study in portraiture and still life at Southgate Studio of Fine Arts in Franklin, Tennessee. Johnny has since decided to move back to the small town of Marietta, Oklahoma, pursuing art and studying film making.

Thanks to the Chisholm Trail Art Club for having me and to [Martus Bookstore & Jahve Haus Coffee](#) for hosting. [Morgan Dennis](#) was the excellent model for the evening.
